

FLOOR SEALER

Multi Purpose Floor Sealer Infused with Graphene & TiO²

DuraSeal

Multi Purpose Floor Sealer

Use: Floor Sealer

What is DuraSeal?

A semi-permanent sealer which seals new, worn and aged floors. Excellent base coat which will improve the performance of any finish. Compatible with all water-based finishes.

The syntec floor program meets all ASTM standards for slip, detergent, and soil resistance.

Benefits:

- Semi-permanent sealer
- Will enhance the performance of a finish by providing a base Compatible with any water based floor care system.
- Provides long lasting protection.
- Enhances the performance of any floor care system.
- Easily stripped when necessary.

Directions For Use

Step 1: Completely strip old finish from surface with aggressive stripper.

Step 2 Apply finish with a clean mop or applicator, spreading evenly. Apply medium coats. Allow each coat to dry before applying next coat. 2-4 coats of finish are recommended.

Step 3: Clean floors on a daily basis. Floors should be swept or dry mopped. When this is not enough, clean with a damp mop or machine scrub with one of our floor scrubs.
