- Economical Low Maintenance.
- Enhanced Slip Resistance.

Directions For Use

Step 1: Completely strip old finish from surface with aggressive stripper.

Step 2 Apply finish with a clean mop or applicator, spreading evenly. Apply medium coats. Allow each coat to dry before applying next coat. 2-4 coats of finish are recommended.

Step 3: Clean floors on a daily basis. Floors should be swept or dry mopped. When this is not enough, clean with a damp mop or machine scrub with one of our floor scrubs.
